

# How to Download and Install Microsoft Office 365

Microsoft applications such as Word, Excel, and PowerPoint, are essential tools for many courses at Germanna. This handout will demonstrate how to download and install these programs on Windows and Mac devices.

## How to Access Microsoft Office 365

Germanna students have free access to Microsoft Office 365 applications. The first step to downloading the applications to your computer is to visit the Microsoft Office website, <u>office.com</u>.

Once you are on the website, click the "Sign in" button.

After you click the "Sign in" button, you will be prompted to enter an email address. Use your Germanna student email address, which is your MyGCC username with the domain @email.vccs.edu, for example, daj228@email.vccs.edu.

	You're all set! Office is installed now Click Start to view your apps.	

Upon opening one of the Office applications, you may be asked to sign in to receive access to all of the application's features. The sign-in information that you should use is your Germanna student email address and MyGCC password.

## Downloading and installing the applications on a Mac device

When "Office 365 apps" is selected, the download will begin. Once it finishes, navigate to your Finder.

When you open the Finder, click "Downloads," and double click the Microsoft Office installer that was downloaded.

How to Download and Install Microsoft Office 365 6 August 2022

After opening the installer, you will see the window that is shown in the image below. Click "Continue" or "Install" as they appear in the bottom of the window to move on to the next step.
