Awarding Policy and Distribution Plan for Financial Aid for Non-Credit Training Leading to Industry Credentials FANTIC

The FANTIC program provides funding for students demonstrating financial need and shall be used only for approved FastForward programs and related testing in compliance with guidelines herein. FANTIC funding is limited and subject to availability. Funds are intended to maximize investment of resources in students most likely to benefit, most likely to complete training, and most likely to attain a credential.

Priority of Service: FANTIC requests will be reviewed on a first come, first served basis and is based on availability of funds.

Determination of Award Amount: GCC will make an award up to 100% of the tuition amount, based on availability of funds. GCC will utilize FANTIC funds to target students who are not eligible for other financial assistance to cover tuition costs and who fall within the FANTIC income eligibility guidelines. In addition, award amounts are based solely on institutional charges to the student. (Indirect costs, such as personal expenses, transportation, or childcare are not funded by FANTIC.)

Additional eligibility guidelines: If a FANTIC eligible student does not successfully complete the course, please note that (a) GCC will not require or request FANTIC students to pay back FANTIC funds used to pay for the first 1/3 of the FastForward course; (b) student is responsible for the second 1/3 of tuition, per the FastForward WCG Agreement; and (c) the student is ineligible for additional awards.

Notification of Award: Award recipients will receive an award letter outlining the amount of their award and a Memorandum of Understanding (MOU) detailing their responsibilities. The MOU will be signed by the student to acknowledge understanding and acceptance of the requirements, and a copy will be kept in the college's student record. No FANTIC funds will be disbursed directly to the student; funds will be transferred directly to the college and allocated to AIS Department Code 200029.
