

Summer 2026 Financial Aid Request Form

Please note the following:

- Many summer aid grants can only be considered if students are enrolled in at least six financial aid eligible Germanna credits.
- For students attending the Spring 2026 semester: After grades are posted, students will be evaluated to determine if they are meeting Satisfactory Academic Progress requirements. Students who do not meet these requirements will not be eligible for summer federal, state, or institutional financial aid and those summer awards will be canceled.
- Any changes made to summer enrollment will require submission of a revised summer form and may result in a change to posted aid.
- If you attend another college or university and will only enroll at Germanna for the summer, you are considered a transient student and you will not qualify for financial aid. You must be a degree and/or certificate seeking student at Germanna to receive aid in any given semester.

To apply for summer financial aid the following items are required:
